

GERLED® Professional indoor LED strip 300 SMD 5630 COLD WHITE

BASIC INFORMATION

|                              |            |
|------------------------------|------------|
| Light colour                 | cold white |
| Colour temperature           | 6500 K     |
| Voltage                      | 12V DC     |
| Power consumption (5 m/roll) | 5m = 72W   |

LED DIODES

|                                 |              |
|---------------------------------|--------------|
| Type of diod                    | SMD 5630     |
| Quantity of LED diodes (1 metr) | 60           |
| Quantity of LED diodes (5 metr) | 300          |
| Light stream (5m roll)          | 7200-7600 lm |
| Light angle                     | 120°         |

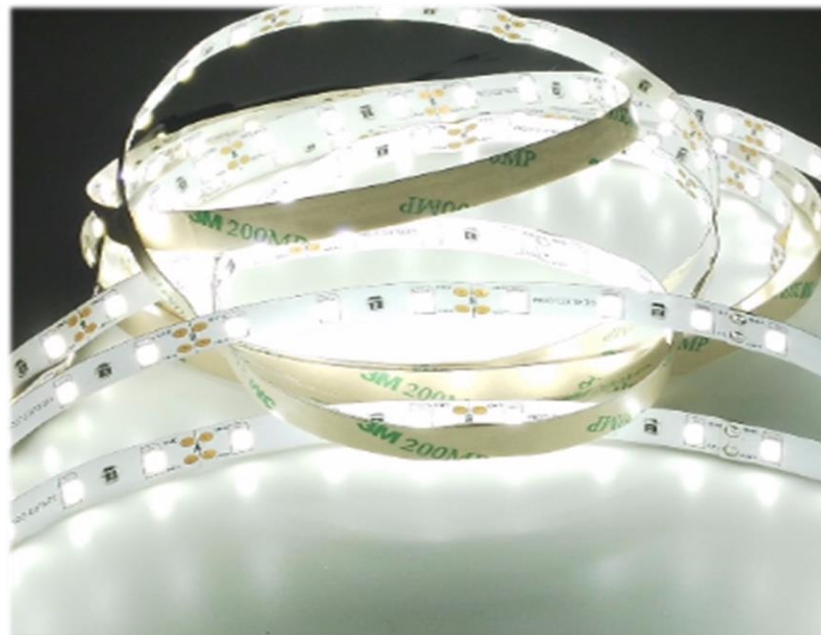

BASE

|             |                 |
|-------------|-----------------|
| Base type   | laminate PCB    |
| Base colour | white           |
| Cut every   | 5cm -3 diodes   |
| Dimensions  | 10 mm x 2,35 mm |

OTHER INFORMATION

|                     |                   |
|---------------------|-------------------|
| Working time        | min. 50 000 h     |
| Protection level    | IP 20             |
| Working temperature | od -25°C do +60°C |
| Store temperature   | od -20°C do +80°C |
| Warranty            | 24 months         |

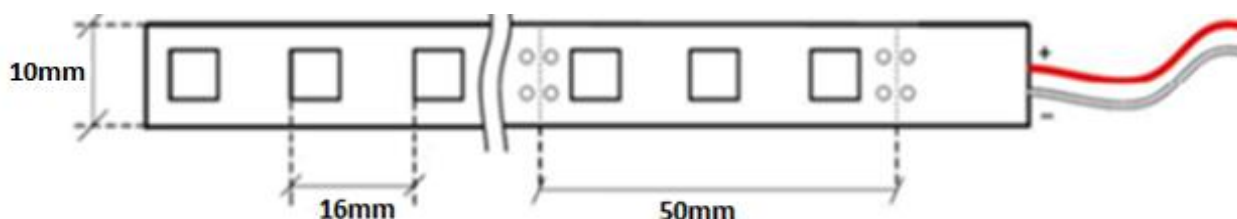

ADDITIONAL INFORMATION

Tolerance range for optical and electrical +/- 10%.

Exceeding the voltage leads to an overload, and consequently may be shortening of action, and even damage to the product.

Exceeding the storage temperature or temperature can also lead to product failure.
